MESSAGE FROM THE FOUNDER

It gives me immense joy to witness the remarkable success of the 2025 Yoruba Schools' Debate. When the Mogbedé Foundation was established, our mission was simple yet profound: to preserve Yoruba culture by placing it in the hands of those who will carry it into the future - our children.

Over these four days, I have watched young people speak with confidence, argue with intelligence, and perform with passion. They reminded us that Yoruba is not merely a language; it is a heritage, a worldview, and a source of strength. Their voices carried the wisdom of our ancestors and the promise of tomorrow.

I am deeply grateful to the participating schools, the dedicated teachers, the judges, our dignitaries, and every parent who encouraged their child to take part. Your support fuels our commitment to cultural education and youth empowerment.

To the students: you have made us proud. Whether you won an award or not, your courage to stand on stage and defend your culture is a victory in itself. Continue to speak Yoruba boldly. Continue to honour your roots. Continue to lead with knowledge and integrity.

The Mogbedé Foundation will remain steadfast in promoting the Yoruba language, values, and identity. This debate is not the end; it is the beginning of a movement.

Ẹ ̣eun gan.

FOREWORD

Language is the heartbeat of a culture. It carries our stories, our wisdom, and our identity. Yoruba, with its rhythm, poetry, and depth, has shaped generations across West Africa and beyond. Yet, in a rapidly globalising world, its preservation requires intentional effort and youthful engagement.

The Mogbedé Foundation established the Yoruba Schools' Debate to inspire pride, sharpen intellect, and strengthen cultural continuity among young people. This year's edition brought together thirteen secondary schools from across Ibadan, each one contributing energy, creativity, and passion.

Over four days, these students debated, performed, and celebrated the richness of Yoruba heritage. Their voices reminded us that culture is not a relic - it is a living force carried forward by those who embrace it.

This booklet captures the spirit of the event and honours every participant who made it unforgettable.
